EBAC Road Cycling Club Commissioner's Report by Miles Whitford

The road cycling club has been conducting it's weekly rides with 15-25 rides attending each week. After the rides, members are invited to meet for food at either Captain Scotts for New London rides or a restaurant in Olde Mistick Village for Mystic rides. Next week we have our Metric Century (63 miles) starting in East Lyme as a warmup for our Annual Summer Solstice Long Island Century Ride the following week. We'll be taking the ferry over to Orient Point where we'll ride 100 miles around the eastern part of Long Island. Contact Miles Whitford (mwhitfor@gdeb.com) to be added to the email distribution list for ride details.

EBAC Ski and Snowboard Club Report by Bryce Knight

The Ski and Snowboard club is working over the summer to plan next seasons activities. Our week-long trip to Japan is nearly full, with 49 people going. If anyone is interested in the trip, please contact Andy Stoddard or Bryce Knight. Details about the trip are posted to our website. We also just received the contract for our Jay Peak trip that is scheduled for the Martin Luther King weekend and will be working on getting the deposit sent to the mountain. The club officers will be meeting occasionally throughout the summer to finalize all activities. We plan to start club meetings in September. Information will be posted to our website as it becomes available.

EBAC Disc Golf Report by Aaron Logue

The EBAC Disc golf league is finishing up the final week of our spring singles season, with playoffs starting on June 19th. This spring we had 60 total players and have played, so far, 576 rounds with a few more coming in the rest of the week. This has been our largest participation by far, and we're looking forward to getting things kicked off later in the summer for our team based best shot doubles.

Brought some show and tell, some of the trophies and custom discs we had made for the club this year.

I'm not 100% sure if the budget changes for disc golf club are a this week or a next month issue, but I'm free to discuss those tonight if needed.

EBAC Running Clubs Reported by Dave Goodrich

The EBAC Varsity running team kicked off the season by taking second in the men's open division at the Stamford Corporate 5k. Mitchell Jacob led the team with a 5th place finish in 17:14, followed by Jared Dybas in 13th place and Mike Valentine in 18th. Five other men from the team also raced.

This month we will head to Boston for the JP Morgan Corporate Challenge to try to capture the title. The team was 2nd last year and has added new talent.

EBAC Hiking Club by Christine Elliott

This month the Hiking Club has held our yearly Beginner Backpacking class which included an optional overnight in Pachaug Forest. We had several new members attend the class and had a nice double overnight at Pegmill Shelter. The club has two upcoming Backpacking trips this month: One is a beginner trip comprised of a single overnight on Bromley Mountain, we will be hiking 3 miles up Bromley on the Appalachian/Long Trail to watch the full moon rise one day after the summer solstice on Friday June 21st then camping out on top of the mountain for the night and hiking back down to our cars Saturday. The other is an advanced trip Friday June 21 thru Sunday June 23. We will be doing the Wildcat, Carter, Moriah Traverse in the New Hampshire White Mountains. The club is currently trying to secure campsites in Acadia National Park for our annual Summer Long Weekend trip there. Hopefully this will be sometime in Late July/Early August.

Additionally in Cross Club News:

This weekend the Canoe and Kayak Club is doing an overnight paddle trip down the Wood River in RI; Hiking Club members were also invited to this trip due to Christine Elliott leading this trip and the probable overlap of gear between the two clubs for this outing. So far there are an even number of club members signed up from both clubs including the commissioners for each of these clubs.

Jon put together EBAC budget request for the years 2023 and 2024. Jon put a great deal of effort into this and explained we are currently floating on deposits from the summer golf leagues and softball as well as deposits for the ski club trip to Japan in 2025. Jon asked to expedite this request.
